

Vinh Bao Dang Khoa

Software Engineer

Ho Chi Minh City, Vietnam | +84-528-050-729 | dikay3105@gmail.com | in/khoa-vinh | github.com/Dikay3105

EDUCATION

Sai Gon University

Bachelor of **Information Technology, Software Engineering** (GPA 3.45/4.0)

Ho Chi Minh City

Aug 2021 – May 2026

Related Courses: Intro to AI, Software Architecture, Web & Mobile Development, Databases

EXPERIENCE

DAT Group

HCMC, Vietnam

DAT Group, a top tech firm with 19+ years, specializes in Industrial Automation, Elevator Systems, UPS, and Renewable Energy.

Software Engineer Intern

Sep 2024 - Jan 2025

- Designed and developed a full-stack web for editing and viewing articles using Node.js, React.js, and PostgreSQL
- Created RESTful APIs to handle CRUD operations for articles, including the ability to mark articles as featured.
- Created a responsive React.js front-end for easy article management with an interactive text editor.
- Integrated PostgreSQL function for efficient article data storage with optimized query performance.

Tran Doan Computer

HCMC, Vietnam

Tran Doan Computer specializes in providing, installing, and repairing computers, delivering reliable and efficient IT solutions for individuals and businesses.

IT Support

Mar 2025 - May 2025

- Installed, configured, and maintained desktops, laptops, and peripheral devices
- Diagnosed and resolved hardware, software, and network issues for users
- Provided technical support and troubleshooting for Windows systems and office applications
- Assisted in setting up LAN/WiFi networks and ensuring stable connectivity

AONE Joint Stock Company

HCMC, Vietnam

AOne is a technology company providing cloud-based ERP solutions to streamline business operations.

Fullstack Developer Intern

Sep 2025 - Feb 2026

- Designed and developed a full-stack web for editing and viewing articles using Node.js, React.js, and PostgreSQL
- Integrated social media platforms to allow users to link and manage their accounts in one place.
- Implemented a scheduling feature to automatically publish posts across multiple platforms.
- Integrated a local AI system to automatically generate content based on product and company descriptions.

PROJECTS

Web application for TOEIC exam | github.com/ankoa/toeicWebFE

Sep 2024 - Jan 2025

A full-stack web app for TOEIC exam preparation and course sales using .NET, React.js, and Microservices architecture.

- Tech Stack:** .NET, React.js, Bootstrap, MySQL, Microservices.
- Main Features:**
 - Managed CRUD operations for users, staff, exams, and courses with robust role-based access controls.
 - Integrated JWT for secure user authentication and profile management.
 - Allow users to select specific TOEIC test parts or complete tests based on their preferences.
 - Generated detailed performance and sales statistics to enhance user engagement.

Developing a test web app to help students choose suitable majors and exam subject groups.

- **Tech Stack:** Node.js, React.js, MongoDB, REST API, Tailwind Css.
- **Main Features:**
 - Implemented Holland six-type personality survey with dynamic question flow and automatic scoring algorithm.
 - Suggested majors, job roles, recommended university entrance exam subject groups and gave advice using AI.
 - Built analytics dashboards for admins to view test distribution, career interest trends and data export for reporting.
 - Deployed the platform for real users, reaching **1400+ active test-takers** within 4 months.

SKILLS

- **Front-end:** HTML/CSS (SCSS), JavaScript, ReactJS, Bootstrap, React Native
- **Back-end:** C#, Java, JavaScript, .NET, Spring Boot, NodeJS
- **Databases:** MySQL, SQL Server, MongoDB, PostgreSQL
- **Tools & Collaboration:** VS Code, Visual Studio, Android Studio, NetBeans, IntelliJ, Git, GitHub.
- **Generative AI:** CoPilot, ChatGPT.
- **Prompt Engineering:** Chain-of-thoughts, Prompt function, One-shot_ Few-shot Learning

CERTIFICATES & AWARDS

- **Certificates:** Google: Elements of AI (2025), Elison: Intro to AI (2025), AWS Partner: Tailored (2025), TOEIC 820 (2024)
- **Awards:** Good Student Scholarships (2021, 2022)
